Summary

I am a Back-End Web Developer skilled in building and deploying fully responsive REST APIs using Django REST Framework or Express.js and backend applications with User Roles and Authentication and CRUD functionalities using PostgreSQL, Django, Docker, AWS(S3 & RDS), Node.js, MongoDB, and Mongoose.

I am a quick learner and I enjoy work that challenges me to learn something new.

Experience

File Metadata Microservice

Personal Projects

Technologies Used: Node.js/Express, API, JSON, npm, JavaScript, multer

GITHUB: <https://github.com/Donmutalib/File-Metadata-Microservice>

LIVE PROJECT: <https://file-metadata-microservice.donmutalib.repl.co/>

Exercise Tracker

Personal Projects

Technologies Used: Node.js/Express, API, JSON, npm, JavaScript, MongoDB/Mongoose

GITHUB: <https://github.com/Donmutalib/Exercise-Tracker>

LIVE PROJECT: <https://exercise-tracker.donmutalib.repl.co/>

Request Header Parser Microservice

Personal Projects

Technologies Used: Node.js/Express, API, JSON, npm, JavaScript

GITHUB: <https://github.com/Donmutalib/Request-Header-Parser-Microservice>

LIVE PROJECT: <https://request-header-parser-microservice.donmutalib.repl.co/>

Licenses & Certifications

JavaScript Algorithms and Data Structures - freeCodeCamp

<https://rb.gy/xlpawt>

Back End Development and APIs - freeCodeCamp

<https://rb.gy/kl2sl3>

Skills

JavaScript • Node.js • REST APIs • Express.js • Python (Programming Language) • Django • Django REST Framework • MongoDB • Mongoose ODM • PostgreSQL
